Hindi (P150)**

EXAMINERS' REPORT

The PSAC Hindi assessment evaluates three key linguistic competencies: Grammar and Vocabulary (30%), Reading Comprehension (40%), and Writing (30%). These assessment objectives are aligned with the goals of the National Curriculum Framework (NCF) for Primary Education.

Overall, while some students struggled to achieve passing grades, the majority demonstrated proficiency in basic reading and writing skills. A considerable number of students also performed well in both fundamental and moderately challenging tasks.

In Reading Comprehension, students showed strength in locating direct information within passages. However, they experienced difficulties when required to interpret or infer meaning from the text.

In Writing, most students were able to construct grammatically correct simple sentences. Nonetheless, some encountered challenges when attempting use of more complex sentence structures and a wider range of vocabulary.

Question 1A

This question assessed candidates' knowledge of common Hindi vocabulary through picture identification. Most candidates responded correctly; however, marks were lost due to spelling errors.

The expected responses included कलम, लेखनी, नाव, जहाज़, छाता, चूहा, चुहिया, दरवाज़ा and द्वार. A frequent error was the use of English or Creole equivalents instead of Hindi.

In some cases, alternative responses were accepted (e.g. पेन, पेंन for pen; खिड़की for door as the picture closely resembled a window). Only specific vocabulary items were credited; general terms (e.g. broad means of transport or animal names) were not accepted.

Question 1B

This question assessed candidates' basic reading comprehension skills through the matching of sentences to corresponding images. A majority of candidates performed well, demonstrating the ability to identify key words within sentences and used them effectively to select the appropriate pictures.

Performance was generally supported by the presence of familiar or easily recognisable vocabulary, which guided candidates towards correct responses and contributed to good overall marks.

Where marks were lost, it was mainly due to candidates matching a single picture to more than one sentence, indicating a lack of careful reading. In some cases, responses were

rendered unclear due to overwriting or poor presentation, making it difficult to determine the intended answer.

Question 2A

Question 2A assessed a range of grammatical structures through multiple-choice items, including tenses, verbs, prepositions, conjunctions, pronouns, adjectives, gender, and plural forms. Overall, candidates were able to score marks, indicating a general understanding of basic grammatical concepts.

Item 3: कल तुम्हारे यहाँ कौन आया था ?

A common error observed was the selection of *किस* instead of *कौन*. Candidates who made this error did not fully grasp the grammatical relationship required in the sentence and consequently lost marks.

Item 9: नीलम परिश्रमी है इसीलिए वह परीक्षा में प्रथम आई।

Another error observed was the selection of *किन्तु* instead of *इसीलिए*. Many students were confused between those two conjunctions and lost marks.

Question 2B

The purpose of this question was to assess candidates' ability to work through vocabulary in context. In general they were able to give correct answers.

The best-done items were:

Item 1: छात्र अपनी कापियाँ बस्ते में रखते हैं।

Item 4: was a bit challenging as many students could not understand the word घोंसला so they were not able to choose the correct answer.

Item 5: पकाते समय माँ अपनी सब्जियों को एक चाकू से काटती है।

Question 3

The main objective of question 3 was to test candidates' linguistic competency. It was presented as an exercise of reading comprehension in the form of a poster with precise information related to the opening of a new shop where candidates had to assimilate and understand the context. Candidates were expected to locate answers and rewrite them in very short answers. The questions set were factual and required the understanding of facts and figures. It is to be noted that pupils have made considerable efforts to attempt the different questions. However, it was also observed that some candidates had a little confusion in understanding the concept of day, time and place.

Item 1 - दुकान का नाम क्या है?

मंगलदास दुकान / मंगलदास।

नई दुकान was not accepted

Item 5 - रविवार के दिन दुकान कितने बजे बंद होगी?

correct answer - साढ़े छह / ६.३०। पाँच बजे - ५ बजे was not accepted

Item 7 - कोई एक उपहार बताइये जो बच्चों को मिलेगा।

Only one answer was accepted. Many students wrote all the three items बस्ते, कापियाँ और खिलौने and lost marks

Item 8 - १००० रुपयों से अधिक की खरीदारी करने वालों को क्या मिलेगा?

Correct answer – काज़ेला के लिए टिकट /टिकट

Lifting of the whole sentence was also accepted. Here it was noted that some students answered only काज़ेला and lost marks.

Question 4A

For Question 4A students were assessed to determine whether they had reached an intermediate level of understanding in Hindi. They were required to read and comprehend the questions carefully and select the correct answers from multiple-choice options. Most students performed well. However, those with basic proficiency experienced difficulty in identifying the correct answers. Additionally, some students selected more than one option, which was not accepted. A significant number of students also struggled with Item 5, as it required a deeper understanding of the passage.

Item 1	-	पतंग
Item 2	-	मैदान
Item 3	-	डोर टूट गई थी
Item 4	-	एक बूढ़े आदमी
Item 5	-	एक लकड़ी

Question 4B

Question 4B consisted of open-ended questions that required students to read the passage carefully and understand the sequence of events. Overall, most candidates demonstrated a satisfactory level of performance. The questions included both lower- and higher-order

thinking skills. Some high-performing students achieved full marks by providing precise and well-structured answers, while others unfortunately left some questions unanswered. It was also observed that many students tended to copy entire sentences directly from the passage resulting in loss of marks.

The main objective of this question was to assess students' ability to read and comprehend the given passage in depth. Overall, the passage was considered accessible. The questions were well-balanced, including factual, relational, and inferential components, and students' responses were generally satisfactory.

Item 1 – पतंग उड़ाने के लिए यह सही समय क्यों था?

correct answer – मौसम हवादार था / हवा बह रही थी

only हवा was also accepted.

Copying mistakes were noted but students were not penalised.

Item 2 – युग को किसने पतंग दी?

correct answer – उसके मामाजी / मामा / मामू

Item 3 – जब पतंग पेड़ पर फंस गई तो युग को कैसा लगा?

Students gave a variety of relevant answers which were accepted - उदास हो गया, बेचारा, दुखी हो गया

Item 4 – पतंग को उतारने के लिए पायल ने क्या किया?

correct answer – पेड़ पर चढ़ने की कोशिश की / पेड़ पर चढ़ गया

Item 5 – पायल और युग से बात करने से पहले बूढ़ा आदमी क्या कर रहा था?

Correct answers - बकरी के साथ चल रहा था / चल रहा था

वह रुका / वह रुक गया

लकड़ी देना / मदद करना was not accepted

Item 6 - पतंग वापस मिल जाने पर युग को कैसा लगा?

correct answer – बहुत खुश हुआ / प्रसन्न हुआ

Item 7 - अंत में पायल और युग क्या तय करते हैं ?

correct answer – पतंग उड़ाते समय वे सावधान रहेंगे / पेड़ के पास पतंग नहीं उड़ाना

Item 8 - Students understood the concept of sequencing and achieved good marks whereas some couldn't understand the storyline and lost marks.

Question 5A

This question assessed students' knowledge of sentence structure and their ability to construct correct Hindi sentences using appropriate syntax. The majority of students performed well in this section. They were required to rearrange two jumbled sentences, and the following answers were accepted:

Item 1 - प्रतिदिन फलवाला सेब बेचता है।

फलवाला प्रतिदिन सेब बेचता है।

फलवाला सेब प्रतिदिन बेचता है।

Item 2 - बाग में एक फूल खिला है । / बाग में एक खिला फूल है ।
 एक बाग में फूल खिला है ।
 एक खिला फूल बाग में है ।

There is no provision for one mark hence students lose all the marks upon omission or addition of words.

Question 5B

This question assessed students' Hindi vocabulary and their ability to construct sentences, both contextually appropriate and grammatically correct. Students were required to complete three sentences, and marks were deducted for grammatical and spelling errors. It was observed that the most frequent mistakes were related to use of verbs and subject-verb agreement.

- Item 1 – Many students demonstrated the ability to write grammatically correct sentences, for example:

प्रिया आज घूमने नहीं गयी क्योंकि - ...वह थक चुकी है / ...वर्षा हो रही है / ...मौसम खराब है

While some students understood the meaning of the conjunction *क्योंकि* and managed to complete the sentence, spelling and grammatical errors led to loss of marks –

...बाहर वर्षा होता है / ...पिताजी बिमर है

- Item 2 – Most of the students did well in this question. The following answers were observed –

जब यश देर से घर लौटता है तब -... वह आराम करता है /... वह चाय पीता है /... वह भोजन करता है

However, some candidates were unable to use the conjunction **तब** to complete the sentence and there were some irrelevant answers. The use of this conjunction seemed to be challenging for many students a considerable number of scripts were seen where they did not attempt this one.

- Item 3 - The students had to make use of conjunctions **अगर** and **तो** in this sentence
- अध्यापक ने कहा, “अगर अपने अपना काम जल्दी पूरा किया तो ...

Many pupils scored good marks with correct sentences such as :

आप बाहर खेल सकेंगे / आपको इनाम मिलेगा / ...हम मिलकर खेलेंगे

A sentence with these conjunctions requires the use of future tense. Hence, students who made use of present or past tenses were unable to score full marks -

...हम भोजन करते हैं / ...मैं बाहर खेलता हूँ ।

Question 6

The cloze test assessed students' comprehension and their ability to analyze context in order to select appropriate words for the blanks. Overall performance was satisfactory, with many students achieving high marks. However, students with weaker contextual understanding often resorted to random guessing and scored poorly. It was also observed that some students tended to choose nouns instead of verbs when completing sentences, without considering the syntactical requirements of the sentence.

Question 7A

This question assessed students' grammar, vocabulary, and spelling skills. Students were required to correct five incorrectly written words. While many candidates performed well, some struggled particularly with spelling corrections. As no half marks were awarded, several students lost marks for incorrect answers. The following mistakes were observed:

- Item 1 – खिड़कियाँ / खिड़कियों / खिरकियाँ
- Item 2 – गाई / गया / गयो / जाओगे
- Item 3 – पुरनी / पुरानि / पूराना
- Item 4 – का / से / मैं / मुझे / मेरी
- Item 5 – पक्का / पंकों / पंको / पांखो

Question 7B

The objective of this higher-order question was to evaluate students' capacity for word formation. A majority of the high-performing students achieved satisfactory scores. Given the penalty for spelling errors, full marks were awarded upon accuracy of both vocabulary and spelling. The following was observed:

- Item 1 – Many students answered सुंदरता correctly
- Item 2 – विदेशी was expected, students got half marks for वीदेशी
- Item 3 – Students made some spelling mistakes for this item like मसकि,

मासकी, मायिक and lost marks.

- Item 4 – Many spelling mistakes were observed here, such as गुलबाई, गुलाबती, मुलाबी, गुलाबई whereby the correct answer was गुलाबी
- Item 5 – For प्यासा Students made some spelling mistakes for this item like प्यासता, प्यासरा and lost marks.

Question 8

This question aimed to evaluate students' ability to use basic cohesive devices, including adverbs of time, manner, and place, as well as coordinating conjunctions, in constructing a concise and coherent text. Students were provided with visual prompts and accompanying sets of words, and were required to produce one sentence per image. The sequence of five sentences was expected to form a logical and coherent narrative.

Item 1 - एक दिन – खेलना

Some students wrote sentences with correct syntax and used both present and past tenses – एक दिन राम खेलता है । / एक दिन राम खेल रहा था । While some students lost marks due to spelling and grammatical mistakes and wrong interpretations of the picture with a girl in it and wrote एक दिन रीता खेलती है / एक दिन रीता फूटबॉल खेलती है । However, students were not penalized for this mistake.

Item 2: अचानक – गिरना

Students were able to relate the set of words to the picture and form small yet correct sentences. A few examples of correct sentences are अचानक वह धरती पर गिरता है. Some students lost marks due to grammatical mistakes such as अचानक वह खेलते-खेलते गिरते हैं।

Item 3: **फिर – रोना**

It was noted that some students were able to write longer and correct sentences as compared to previous two items. Some examples are फिर चोट लगने पर वह ज़ोर-ज़ोर से रोने लगता है। / फिर राज उदास होता है और रोने लगता है। Some incorrect sentences were फिर वह रोने गए थे / फिर राजा रोने गया

Item 4: **उसके बाद - दोस्त**

Many students lost marks due to spelling mistakes and wrong use of vocabulary or omission of agreement with verbs. उसके बाद लड़का के दोस्त मदद है / उसके बाद उसका दोस्त ने उसकी मदद कि

Item 5: **अंत में – घर**

Students attempted successfully this item such as - अंत में राज का मित्र उसे घर छोड़ता है / अंत में वह अपने घर पर उसे दवाई देता है / अंत में वह केशव के साथ घर गया It was also noted that some sentences were simply assembled without proper use of verb for example अंत में घर जाना which resulted in loss of marks.

Question 9

Question 9 assessed students' ability to write a coherent piece of continuous prose. It assessed higher order writing skills, especially students' ability to develop a given storyline creatively and coherently, use of accurate grammar to express themselves, their ability to use varied sentence structures, and the richness and appropriateness of their vocabulary.

The following prompts were given:

- अकेले बाज़ार जाना
- बहुत लोगों का होना
- लौटते समय खो जाना
- मदद माँगना
- इसके बाद क्या होता है?

The flow of the composition has two parts: -

The first part being the introductory – pupils have to go to the market alone, to enjoy seeing the market scene and have to manage themselves in the tumultuous environment. (अकेले बाज़ार जाना, बहुत लोगों का होना)

The second part being the conclusive – pupils have to think spontaneously what to do if they were lost on their way to home. (लौटते समय खो जाना, इसके बाद क्या होता है?)

- ❖ Performance on this question was, on the whole fair.
- ❖ It was alarming to find a significant number of candidates (more than 500) did not attempt the question.
- ❖ Some candidates have written one or two sentences only.

- ❖ This year very few candidates wrote lengthy compositions.
- ❖ A significant number of candidates dwelled on lengthy introduction.
- ❖ In some cases, rehearsed pieces of introduction were produced.
- ❖ Many candidates attempted the question, however, only few candidates fulfilled the required criteria to reach Band 1 (100 words).
- ❖ It has been noted that most compositions were in Band 2 and 3 (less than 80 words).

The pertinent points came to the forefront:

First instance; to go to market alone (अकेले बाज़ार जाना) and there were many people (बहुत लोगों का होना). Some candidates considered (akele / अकेले) as a proper noun and started their compositions – Akele goes to the market (अकेले बाज़ार जाता है).

Second instance; (बहुत लोगों का होना / लौटते समय खो जाना) a great number of average pupils and even some brilliant pupils were unable to develop this canvas –

- Some students did not understand this phrase or were confused, and they just corrected the verb (होना) and wrote – बहुत लोगों का होता है । They omitted to write that there were many people at the market. (बाज़ार में ठेला – ठेली / भीड़) (crowd, pushing and shoving) were missing in their compositions.
- It has been noted that when ka /का is preceding a verb in Hindi, pupils always have difficulty to clear it. For example, it should be बाज़ार में बहुत लोग हैं whereas many pupils wrote - बाज़ार में बहुत लोगों का होता है ।
- Some pupils were able to describe the market scene using relevant vocabulary such as there was a crowd in the market; we could see the vegetables sellers; flower sellers and dhol puri sellers.

- (लौटते समय खो जाना) - The flow of the story goes on that the person himself / herself was lost. But a large number of pupils wrote that their bag / money / purse / vegetables / basket and mobile phone was lost. Thus, they could not score the highest marks.

It has been noted that:

1. a large number of average pupils was able to write the story in a simple language and their compositions were replete with spelling mistakes.
2. most candidates could not describe the lively scenes of a market; especially the crowd where there is possibility that one could be lost.
3. some candidates have produced good piece of work.

The following sample of composition is an illustration of the strength and weaknesses encountered in this year's compositions.

Essay 1

रविवार का दिन था। मैं और मेरा परिवार वाकोआ के बाज़ार गए थे। बाज़ार के अंदर बहुत लोगों खरीदारी करते थे। बहुत लोगों टमाटर, आलू, गाजर, सेब, आम खरीदते थे। पिताजी ने मिठाइयाँ खरीदा और माता जी ने टमाटर, आलू, और गाजर खरीदी। लेकिन कुछ देर बाद, एक मदद पैसा माँगना था। वह बहुत उदास था। तो पिताजी ने पाँच सौ रुपये ने मदद को देना। माताजी ने दो टमाटर और दो आलू मदद ने देना। इसके बाद, हम गाड़ी के अंदर गए थे और हम घर लौट गए।

88 words

This composition is barely relevant. The candidate did not follow the story lines as the following prompts (बहुत लोगों का होना, लौटते समय खो जाना) were missing. As for the language, it is clumsy and uncertain throughout, making it difficult to decipher what the candidate wished to express.

Essay 2

आज एक सोमवार का दिन था। मैं अकेले बाज़ार जा रही हूँ। तब मुझे बहुत लोगों दिखे। तब बहुत दर गयी। लेकिन मैं ने पूरा सब्जियों लीया। लौटते समय जब मैं घर लौट रही है। अजानक मैं सड़क पर गिर गयी। मेरा सामान गिर गया। मैं ज़ोर- ज़ोर से मदद माँग रही हूँ। तब एक दादाजी मुझे उठती। और मैं घर रोते – रोते जा रही हूँ। मेरा बटुआ खो गया। अंत में मैं ने अपने माँ को पुरा बताया किया हुआ। उसने मुझे गले ला गया।

86 words

This composition is relevant and loosely follows the story line. The candidate has clearly misunderstood part of the canvas (लौटते समय खो जाना) - the flow of the story goes on that the person himself / herself was lost while returning home from market. But this candidate mentioned that his / her purse was lost. This rendered the story incoherent. In addition, the essay replete with numerous grammatical and spelling mistakes which implies that it can only score average marks.

Essay 3

आज मंगलवार का दिन है। मौसम सुहाना है। चिरियाँ छी – छी करती हैं। आकाश नीली है। आकाश में खड़ी धुप चम – चम चमक रही है। सुबह नौ बजे हैं। राज अकेले बाज़ार जाता है। वह आता है, बहुत लोगों का होते हैं। राज बहुत सब्जी देखता है।

47 words

Rehearsed introduction is produced in this essay. Unfortunately, some grammatical and spelling mistakes were noted. Yet, the candidate tried to develop the story by writing a few sentences. However, the latter could not clear the canvas (बहुत लोगों का होना) and just corrected the verb (होना). Furthermore, the story was not completed leading to a minimum score.

Essay 4

एक दिन जब मैं अकेली बाज़ार गई तो मैं चौंक गई थी। मैं ने मुझ से कहाँ ओ बहुत लोग हैं।

मैं ने तुरन्त से फल करीदे । जब मैं ने घर लौटने कि कोशिश की तो लोग ने मुझे धका दे दी । मैं जाकर गिर पड़ी तब मैं ने लड़की से मदद माँगी । उसने मेरी मदद की । उसने मुझे घर लौटा दी । मैं ने उसे धन्यवाद दी । मैं खुशी – खुशी से पापा को देखने चली गई ।

पापा ने मुझे बोला कि अगले बाढ़ से मत करो । तब मैं खेलने गई ।

91 words

This composition makes noticeable attempt to develop the storyline. Yet, the narrative is rushed and underdeveloped with minimal detail. One instruction (लौटते समय खो जाना) has been ignored. Grammatical and spelling mistakes are obviously seen. This composition scores average marks. With ample development of events and attention to the language accuracy this story could be more engaging and effective.

Essay 5

अज सोमवार है और मैं अकेले बाज़ार जाती हूँ । माताजी ने टमाटर और आलू खरीदने को बोला जब मैं बाज़ार पहुँची तब मैं सब्जीवाले को दन्ने लगा । टमाटर और आलू खरीदने के बाद , लौटने का समय गयी है । मैं बस पर चढ़रगा । खुशी का टिकाना न रहा । मैं बस पर सो गया । ३० मानित के बाद मैं ऊतड़ी । मैं खो गई हूँ । मुझे दस लगी । मुझे घर जाना था । मैं एक लड़का की फोन लेकर , मैं पीता जी को फोन करती हूँ । वे अपना फोन नहीं लेते हैं । मैं एक दुकान में जाती हूँ और वहाँ दुकान में मेरी दीदी काम करती है । मैं ने उसे सब कुच काहा उसने मेरे माताजी को फोन की और पीतजी मुझे लेने आये ।

120 words

While the topic was within the reach of students, the brilliant, average and less able students tried to write the story, but they could not get the highest marks.

Some candidates seemed to have written their composition hurriedly and did not take the storyline into consideration. As a result, there is coherence and lack of fluidity. In this composition, the candidate forgot to describe the crowd in the market (prompt – (बहुत लोगों का होना) which is the main reason to be lost.

Spelling mistakes remain a hurdle for most students, and it could be obviously seen in this composition leading such works to tumble to lower bands.

Essay 6

आज रविवार का दिन है। मौसम सुहाना है। सुबह के आठ बजे हैं। मेरी माँ मुझे फल खरीदने के लिए कहती है। मैं एक टोकरी लेती है। मैं अकेले बाज़ार जाती हूँ। मैं बस द्वारा वहाँ पहुँचती हूँ। बाज़ार बहुत बड़ा है और बहुत लोग हैं। मैं फल और सब्जियाँ खरीदती हूँ। फिर मैं मिठाई खरीदती हूँ। लौटते समय मैं रास्ता भूल जाती हूँ। मैं खो जाती हूँ। मैं रास्ते को ढूँढने की कोशिश करती हूँ। फिर मैं एक फलवाला से मदद माँगती हूँ। फलवाला मेरी मदद करता है। वह मुझे निकलने का रास्ता दिखाता है। मैं उसे धन्यवाद देती हूँ।

अंत में मैं घर लौटती हूँ। मैं माँ को फल और सब्जियाँ देती हूँ।

118 words

Essay 7

सोमवार का दिन है। नीले आसमान में सूरज चमक रहा है। यश दस साल का एक छोटा लड़का, अकेले बाज़ार सब्जियाँ खरीदने जाता है।

वह बस से बाज़ार जाता है क्योंकि बाज़ार उसके घर से दूर है। बाज़ार में बहुत लोग हैं। सब्जियाँ खरीदने के बाद, वह घर लौट रहा है। घर लौटते समय यश खो जाता है और ज़ोर – ज़ोर से रोने लगता है। अचानक एक दयालु पुलिसवाला उसके पास आता है।

वह यश से पूछता है " क्या हुआ तुम्हें ? " यश कहता है, " मैं घर जाने का रास्ता भूलता हूँ। " यश पुलिसवाले से मदद माँगता है। पुलिसवाला यश को घर जाने में मदद करता है। यश पुलिसवाले को धन्यवाद कहता है उसकी मदद के लिए।

117 words

These two compositions (6 and 7) can be classified as very good since the story has been well developed with elaborate and relevant details. The language is secure despite a few mistakes. The ideas are well-organized and coherent. They fulfill the objectives of this

question which is to produce a piece of work using creativity and imagination while making use of rich and varied accurate vocabulary.

Observations

Some common spelling and grammatical mistakes have been noted in the compositions:
(Pupils' scripts 2025)

Spelling mistakes		Grammatical mistakes	
मैसम	दर	उसका पिता जी	मैं भूख लगता है
धुप	रासता	बहुत लोगों हैं	खरीदारी हो गया
जलदी	मुजे	बहुत फलों	मैं ने सब्जी खरीदा
की / की	दीन	माँ ने बोला	बाज़ार बड़ी है
हुँ	खूश	मेरा सहायता	पिता जी आता है
छोता	अची	फलवाला के पास	उसका माँ
भुल	पीता जी		
उपना	सुवह		
पयसा	अज		
अजानक	हूआ		
ठिक	तमातर		

Relevant Vocabulary Used	Idiomatic expressions
बाज़ार जाने की योजना बनाना	मुँह अंधेरे उठना / श्री गणेश करना
भीड़ होना इसलिए खो जाना	हवा से बातें करना / खुशी से झूम उठना /
मंडी / चहल – पहल / सौभाग्य / घबराना /	बिलख – बिलखकर रोना / चेहरा उतार जाना

अविस्मरणीय / स्वादिष्ट / प्रातःकाल	
झटका लगना / अंत भला तो सब भला	

These suggestions can help students to secure good marks in composition-writing.

1. Students should be trained to read and comprehend the instructions.
2. They should be trained to read all the canvas/ prompts of the essay.
3. Reading should be encouraged.
4. Teachers should guide students to bring creativity in their compositions.
5. Low achievers should practice sentence writing and subject – verb agreement.
6. Intensive revision and re-writing should be promoted to avoid spelling mistakes.
7. Students should be trained to write compositions in the present and past tense.
