

Music and Entertainment (Budgeting): Grade 9

Teacher's Guide

A. Title of card: Managing budget to organize a musical event to raise fund at school
B. Competency, Element and Performance Criteria: C 2.3: Use measurement in real life situations Element 5: Performing calculations involving money Performance Criteria: Addition of numbers - Level 1: Recognize, name and decompose coins and notes Level 2: Solve simple word problems involving money
C. Purpose of activity: This activity will develop students' ability to manage their finances with responsibility and make well-informed financial decisions.
D. Learning Outcomes: By the end of the lesson, students should be able to • Understand the basics of budgeting • Create and manage a simple budget • Prioritize expenses • Work collaboratively to plan a fund-raising event
E. Resources and materials: • Budget templates (Printed or digital) • Cost sheets with realistic item prices • Calculators • Poster paper or digital slides for presentation
F. Teaching trajectories/Implementation guidelines: Activity 1: Introduction to Budgeting and event planning Steps: 1. Ask the students: The school is planning to organise a school musical event. What do you think goes into organizing one?" Brainstorm: Venue, Sound system, Tickets, Food, Decorations, etc. 2. Lecture with visual aids to explain the concept of budgeting: - Income vs. Expenses - Profit (if income > expenses)

3. Group Activity – Event planning brainstorm:

In small groups, students list everything needed to host a musical event.

The teacher provides a sample budget template.

Sample Budget Template for School Musical Fundraiser

ITEM	ESTIMATED COST (Rs)
INCOME	
Ticket Sales (e.g. 500 X rs 150)	
Sponsorships/Donations	
Sales (food/drinks)	
Merchandise (optional: T-shirts)	
TOTAL INCOME	
EXPENSES	
Venue (if rented)	
Sound system and lightning	
Costumes/Props	
Marketing (Posters, flyers)	
Snacks/food supplies	
Tickets (printing)	
Decorations	
Miscellaneous	
TOTAL EXPENSES	

Profit Calculation	
Category	Amount (Rs)
Total Income	
Total Expenses	
Net Profit	

Activity 2: Develop a working budget for the musical event.

(Teacher may allow students to work in groups)

Steps:

1. Assign scenario and budget

Each group is given a scenario:

- Budget: Rs 20000
- Goal : Raise at least Rs 5000 **profit**.
- Event : School Musical Day

2. Group Budget planning

Students:

- Choose which items to spend on (venue, food, sound system, flyers, etc)
- Research costs (teacher may provide estimated price lists)
- Fill out budget sheet (Income from tickets, expenses, expected profit)

G. Assessment

Question 1 – Introducing students to budgeting (Using money, addition, subtraction, multiplication, fractions and percentage)

The table below is a cost sheet with estimated prices of items involved in organising a musical event.

ITEMS	ESTIMATED COST (Rs)
Venue rental	7500
Sound system	5000
Decoration	2000
Printing (Tickets and posters)	1500
Refreshment	4000
Performers' Expenses	3000
Miscellaneous	2500
TOTAL ESTIMATED COST	25500

Circle the correct answer in each of the following.

(a) If the venue rental costs Rs 7500 and the sound system costs Rs 5000, what is the total cost of these two items?

- A Rs 12500 B Rs 13000 C Rs 11500 D Rs 10 500

(b) If 300 tickets were sold at Rs 100 each, what is the total income from ticket sales?

- A Rs 3000 B Rs 30000 C Rs 300000 D Rs 3000000

(c) If the total expenses for the event are Rs 25500 and the total income is Rs 38000, what is the profit?

- A Rs 13500 B Rs 13000 C Rs 12500 D Rs 10 500

(d) If the decoration budget is Rs 2000 and the printing budget is Rs 1500, what percentage of the total expenses (Rs 25500) do these two items represent?

- A 16.7% B 15.7% C 14.7% D 13.7%

(e) If the refreshment budget is Rs 4000 and the performers' expenses are Rs 3000, what fraction of the total expenses (Rs 25,500) does these two items represent?

- A $\frac{7}{51}$ B $\frac{7}{50}$ C $\frac{7}{49}$ D $\frac{7}{48}$

Question 2: Managing budget to organize a musical event to raise fund at school

Your school is organizing a musical event to raise funds. Your team has been allocated a fund of Rs 35000 to plan and manage the event. Below are the estimated costs:

Expense Category	Cost per unit	Number of units	Total cost (Rs)
Sound System and Lightning	Rs 12500	1	
Artist Fees	Rs 1200	5	
Refreshments	Rs 50 per person	400 people	
Posters and Tickets printing	Rs 25 per item	100 items	

- (a) In the above table, fill in the missing total costs in the table.
- (b) Calculate the total expenses for the event.
- Given that 320 tickets is sold for the event.
- (c) If the price of one ticket is Rs 150, what is the income generated by sales of ticket?
- (d) How much profit will you have after covering all costs?
- (e) If you want to make a profit of Rs 15000, how much should each ticket cost?

H. Extension of activity

- Ask students what they learned about money management and how budgeting can help in real life.
- Interview a family member about how they manage a monthly budget.
- Represent their household Income and expenses using bar chart or pie chart.
